## Why We're the Right Choice

### ④ Quality Assurance

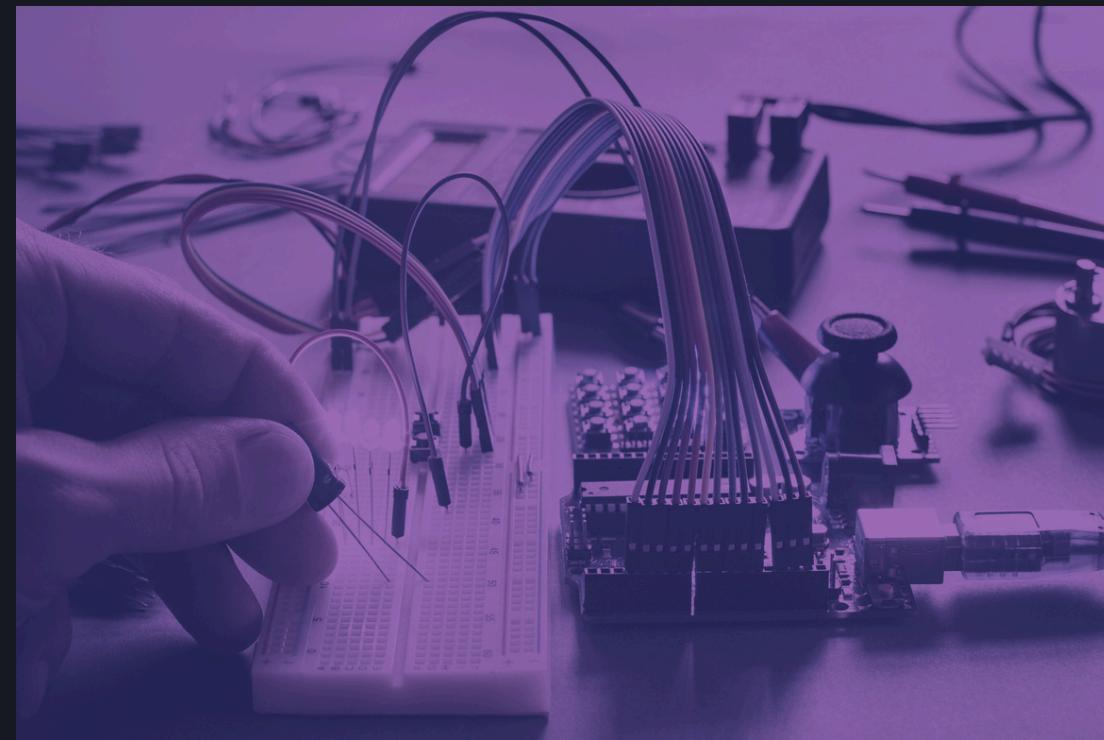

Workshops designed for effective and reliable learning

### ④ Interactive Learning

Hands-on activities fostering teamwork and problem solving

### ④ Innovation Driven

Inspiring creativity and real-world application of STEM

## Customer Testimonials

### Karan Baid's Words ↗

“ I have made a ton of projects with Ishyros kits now. And they are just amazing! Being an electronics student its just great. ”

### Kenil Shah's take ↗

“ I made my final year Major project with components given by Ishyros.. and they were very reliable. ”

## Who We Are

Ishyros is dedicated to innovation by providing high-quality electronic components and hands-on robotics workshops. We aim to bridge the gap between theoretical learning and practical application.

## Our Services

### Electronic Store

We provide all kinds of electronics and robotics components ensuring quality

### Workshops

We conduct workshops on robotics providing hands on experience with our kits

### Product Designing

We design and manufacture products tailored to client needs.
